Are You Pregnant? Do You Work At A Nail Salon?

There may be harmful chemicals in the products used in your nail salon. Here are some steps you can take to prevent and reduce chemical exposures.

1. Ask for a material safety data sheet
2. Make sure the nail salon uses metal trashcans with self closing lids
3. Don’t eat or drink at the work station
4. Use latex free nitrile gloves and a n95 mask
